

Visitor Parking Update

Starting January 1st, all visitors must register for a visitor parking pass at parkingpermitsofamerica.com AND are **only able to park in "visitor" marked spaces.** These passes will only be valid for 24 hours from the date and time you register. Just because you register for a visitor pass does not mean that a "visitor" parking spot will be available and does not give you the ability to park in resident parking at any time.

If you do not register for a visitor pass and park in visitor parking you will be subject to tow at owner/operator expense. It is the registrant's responsibility to make sure that all vehicle information is correct when registering the vehicle for a visitor pass, **if the information is entered incorrectly and the vehicle is towed it will be at the owner/operators expense.**

All vehicles in resident parking must have a valid parking permit displayed at all times.

**If you do not comply and your vehicle is towed please do not contact the office.
You can contact DFW TOWS at 972-488-8697.**

To register: simply go to
parkingpermitsofamerica.com

Use the code below to register your visitor for
24hrs.
